MOOD:  :-(

MUSIC: Edie - Crumble

Bad news. Drat it. T. can't make Rasputina. She's got an emergency conference replacement gig thing on Monday and has to fly out next Sunday night for it.

I guess I could scalp the fourth ticket on Craigslist....

Thank you

But hey, we got a day and a half of this one! And I got to sleep in for two whole mornings. Too bad

Um.

Hold that thought.

If I don't hate him by the 9th, can I bring a Boy?

Can we put eyeliner on him?

(OMG, you missed it. Duke was telling one of his shaggy dog stories, and Chaz interrupted with a point of order on some technical detail about North African fauna. And Quoth Duke:

"See, now, you've gone and harshed my buzz, man."

Totally deadpan. And when Chaz blinked at him, Duke responded, "I know. Dead languages." and went back to his paperwork.

Will it save me from being forced to wear a frock coat? Then you can definitely bring a boy.

And *whatever*. Zebras, still not native to North Africa.

Yeah, but now we'll never get to hear the end of the *story*.

You know he never tells the same one twice.

TGISaturday, so I don't have to scrape it off the windshield.

And for the record? If it's freezing rain, it is NOT what I ordered. Just so's you know for future reference.

Gawd, I bet Vermont's purty right now. They've got snow forecast for Monday. Cocoa weather.

We're still waiting for the "wintry mix" here in Connecticut. Toronto has ten inches of snow, though.
